CORE ADVANTAGE FEATURES

UNRIVALED VELOCITY:

This machine is lightning fast! Dispense **two unique drafts simultaneously**, commanding a world-class throughput of up to **1000 LITRES PER HOUR**. That's the new benchmark for speed.

ADAPTIVE INTELLIGENCE:

Keep the line moving! Seamlessly handle every container size—from a **200ml taster** to a **1.5L stein**. Plus, multiple keg connections mean your beer is always **on-demand**.

ZERO-LOSS PRECISION:

Stop wasting profit! Our advanced system guarantees **measured accuracy on every single drop**, eliminating overpouring and dramatically reducing staff reliance. **Maximize your bottom line.**

INCREASE SALES BY 50%:

No queues. No delays. Just pure velocity. With Skohl's **unmatched speed** and precision, you pour more beer in less time. That means **higher turnover**, fuller tills, and more sales hours.
